It was resolved by the Faculty that

W. A. Anthony be suspended from this University for the term of six months commencing from the present date, and ending on the 16th day of October next, and that he straightway withdraw beyond the distance of two miles from the University.

It is also resolved that this minute be laid before the board of Trustees of the University at its session which shall next ensue, for the consideration of that body.

It is further to be stated that said Anthony refused obedience to the law in removing from the college after his suspension, but having remained from Thursday, when this determination of the Faculty was read in the public hall, till the following Monday, he then made a second attack on the Tutor with whom he professed to be angry, armed as before, and on that night he made a clandestine escape.
