College Rules

1. From we the freed from College Rules,
From common place book reason, from
Tripling cloylogistic schools,
And systems out of season,
Never more we'll have defined,
If matter think or think to not,
All the matter we've to mind.

2. Metaphysically to trace,
The mind or soul abstracted,
Or prove infinity of space,
By case or cause affected;
Other souls we can't become,
BY imperious thinking.
And as for space we want no room,
But just enough to drink in.

Plenum, vacuum, minor, plus,
Are learned words and rare too,
Show terms our tutor may discuss,
And those who please may hear too,
A plenum in our wine we show,
