the village which has been constantly visited and is car
ried to a considerable extent sometimes before we fi
ish it out. Jonas H. Jones of the name of Couch obtained land of Mr.
White who owns a piece of land adjoining that of the house to erect a small edifice on his ground. Couch of whom I can
hear no good in any quarter thought it safer though warned by some who knew of his proceedings that he was over the
line and trespassing, to place his building on the ground of
the the huts so as to be able to place in his house and
also be close at hand to supply the students, with whiskey
whiskey, fighting cockers and other articles of the kind. Whenever
any might imagine themselves to stand in need of them I
have during the vacation taken it upon myself to forbid him
to go any further with his work and he is satisfied on that
account. The whole matter wants some regulating.
I think the Executive Committee should as they have oppor
unity consider of the different items to which their attention
is here referred and if they shall see fit, give directions con
cerning them. The articles of the improvement of the grounds in
particular require immediate care with reference to the empl
oment of a gardener over the supplying him with the necessary
aid. I shall pass this paper through the hands of Governors
and Judges Under the view to assertions and executive
